Institutions in Environment Sector

По мери природе

Responsible institutions

- Responsibility for the environmental Acquis is divided among seven ministries
- Based on the number of directives assigned, the MEMSP has direct responsibility for about 57% of the Acquis
- Remaining 43% being split among five other ministries:
 - Ministry of Agriculture, Trade, Forestry, and Water Management
 - Ministry of Health
 - Ministry of Infrastructure and Energy
 - Ministry of Economy and Regional Development
 - Ministry of Interior

Coordination

- EU Coordination structure – 35 subgroups
- Coordination between ministries in environmental sector takes place via the Chapter 27 sub-working group Environment
- Ministry is also a member of different Subgroups in order to achieve integration of Environmental policy into other Sectoral Policies

Main functions

- Chapter 27 sub-working group will perform three main functions:
 - Coordinate Chapter 27 transposition activities across all Ministries
 - Coordinate Chapter 27 implementation activities across all Ministries
 - Provide the information necessary to conduct the future negotiations with the EU

Subgroup 27. Structure

- The Ministry of Environment, Mining and Spatial Planning is the leading Institution (MEMSP)
- The MEMSP State Secretary is the Head of the Subgroup
- The EU Coordinator from the MEMSP is the Subgroup Secretary
- 17 State Institutions are Members of the Subgroup

Subgroup 27.Competencies

- Coordination of institutional distribution of competences over the environmental acquis
- Preparation and annual update of the NPI
- Monitoring the progress of harmonization with the environmental acquis
- Competences will cover future negotiation process
